SUBJECT

Case 64574 - USSR External Policy - Pugwash Conference Munich, Germany, August 1977

1. Enclosed you will find a list of attendees (Enclosure A) to the Pagensh Conference held in Manich, Germany, in August, and a set of questions (Enclosure E) prepared by the ORPA analysts at our request. Since the original list of attendees contained only the last name and first initial of each US participant, we had to make some educated guesses as to the true identities of many of them. As a result, do not be surprised if some question why we felt they had attended. In many cases, however, there was no question as to the true identity of the source.

2. ORPA has been quite pleased with the reporting generated by their previous requirements. As a result, they have made an extra errort to write even more thought provoking requirements. We feel that the enclosed questions are the best we have sent out to date.

3. Responsive reporting should cite the current ke look forward to receiving your responses.

RELEVANCE OR NON-RELEVANCE TO OSWALD & JFK ASSASSINATION:

Neither the information or time frame is relevant. See Summary below.

REASON OR ASSUMED REASON FOR INCLUSION IN THIS COLLECTION.

A review of the HSCA volumes did not surface an "Abram" Chayes but an "Abraham" Chayes, a legal advisor to the State Department, who maintained that at the time Oswald received his visa to enter Russia from the Soviet Embassy in Helsinik, normally at least 1 week would elapse between the time of a tourist's application and the issuance of a vias. It would appear that Abram and Abraham are not identical to each other. Betty Lichtenfeld of the HSCA reviewed the file on 17 August 1978.
